

# 2025 Human Asia Global Student Paper Competition

Human Asia, established in 2006, is an NGO registered under the Ministry of Foreign Affairs in the Republic of Korea. Human Asia aims to establish a human rights protection mechanism and contribute to the sustainable advancement of human rights in Asia. Under this goal, Human Asia has been holding the Student Paper Competition as part of its human rights education project since 2016. In the past Competitions, the topics addressed upon Technology and Human Rights (2024); North Korea and Human Rights (2023); Climate Crisis and Human Rights (2022); and COVID-19, Vaccines and Human Rights (2021). Human Asia aims to foster future generation researchers who will contribute to the advancement of human rights, and provide opportunities for students to grow as human rights leaders. This contest is hosted and organized by Human Asia and Korea University International Human Rights Center, and sponsored by the Ministry of Foreign Affairs Republic of Korea, Jeongam Foundation, Ildong Pharmaceuticals, and DYPNF.

The 2025 Human Asia Global Student Paper Competition calls for papers on the theme of **‘Economic, Social, and Cultural Rights in Asia’**. Asia has a wide range of aspects, including different economic development levels, political systems, social structures, and cultural backgrounds. This diversity creates significant differences in how each country understands and realizes economic, social, and cultural rights. The multifaceted and complexity of Asia further highlights the importance of discussions on realizing these rights in Asia.

In particular, the International Covenant on Economic, Social, and Cultural Rights (ICESCR) stipulates the obligation to realize such rights. Countries in Asia are making efforts to implement such rights, however many are still at a declaration level or lack practical measures for realization. We hope that this Competition will be an opportunity for students to explore academic and practical considerations for the advancement of such rights in the Asian region. We look forward to original papers embedding various research methods. Any new and creative perspectives are greatly welcomed.

We look forward to your participation and wish you the best of luck.

**President of Human Asia**

**Chair of the UN Human Rights Committee**
